PRICES FOR ARMY FOODSTUFFS HERE

ORDERS TAKEN AT POSTOFFICE WITH FULL PAYMENT

A SPECIAL POSTAL RATE

Postal Rates Are to be Equalized by a Rearrangement of the Parcel Post Zones

The prices of the army foodstuffs which can be ordered at the postoffice this week are the unit cost to the consumer, to which must be added postage at the parcel post rate on the total gross weight of the order from the supply depot at St. Louis.

Announcement was made by the Postoffice Department that the postage rate on surplus army food, sale of which through the parcel post system began Monday would be the same to persons living beyond the first zone from the supply centers as those living in the first zone. This will equalize the postage to all purchasers and the difference will be made up by the War Department deducting the extra postage from the sale and price and turning it over to the Postoffice Department.

Surplus army food sold to municipalities now totals 80 million pounds, but huge stocks still are on hand and these will be sold through postmasters.

All orders must be accompanied by cash, which must include the total cost of the order and parcel post charges. No special order form for the use of consumers will be provided. Consumers must make two copies of the order in writing, itemized so that the postmaster may readily determine the exact charge.

The prices in the following list are per case:

BARN DESTROYED BY FIRE AT BURLINGTON JUNCTION

Building Belonging to Elihu Carter Was Burned About Midnight Last Night—Cause Unknown.

The barn of Elihu Carter, five miles southeast of Burlington Junction, was completely destroyed last night by fire starting from an unknown cause. When the blaze was discovered about midnight the entire roof was in flames, and it was impossible to save anything from the barn. One mule, the only live stock in the barn, was burned to death.

The damage, which was only partially covered by insurance, had not been estimated to day. The barn was an unusually large one and comparatively new and was filled with hay and grain.

LOCAL HOSPITAL A U.S. STATION NOW

GOVERNMENT ORDERS IT TO RECEIVE DISABLED SERVICE MEN

DR. CUMMINS IN CHARGE

Service Men From Northwest Missouri to be Treated Here—No Tubercular or Mental Cases

Dr. K. C. Cummins has been appointed United States Official examiner and Surgeon for the district of Northwest Missouri and the St. Francis Hospital has been designated as an institution to take care of all medical and surgical cases needing treatment with the exception of tubercular and mental cases.

The work of caring for disabled and diseased soldiers is done by the United States Department of Public Health, which is a subdivision of the Treasury Department. The specific instructions as to the kind of cases that are to be accepted for treatment at the local station are as follows: "Treatment is to be given for discharged and disabled soldiers, sailors and marines, providing disability for which treatment is sought can be traced to diseases or inuries incurred while in service."

All medical, surgical and hospital treatment is free to those entitled to receive it. The local hospital is equipped to take care of cases requiring X-ray examination so that all cases not of a tubercular and mental nature can be adequately handled.

Dr. Cummins has alread treated two or three cases from out of town, but none of them have needed hospital attention. He makes an examination, classifies the disease or injury and forwards recommendations to higher authorities to pass upon.

RUBY BLACKFORD TAKEN IN A RAID AT ST. JOE

Girl Who Was Held In Maryville For Investigation of Patterson Murder Fined For Immoral Conduct

The following is taken from Saturday's St. Joseph News-Press about Ruby Blackford:

Ruby Blackford, twenty years old, the girl who was held at Maryville for investigation in connection with the murder of Howard Patterson on Wednesday night, was fined $5 in police court this morning when Judge Alice found her giulty of immoral conduct. With six other men and women she was arrested last night at a hotel at Third and Francis streets, when the place was raided by Police Detectives White, Thedinga and Burrett. Al of those arrested were either fined this morning or defaulted their bonds.

The Blackford woman, when booked at central station, said she had no home, just St. Joseph. She was released Thursday afternoon by the Nodaway county authorities after a severe grilling in the murder case. The man arrested with her also was released, but is still in Maryville, according to the woman, who said his name is Earl Overton of St. Joseph and not Earl Rogers, as was published.

Fat Ryan, superintendent of identification, finger printed the Blackford woman this morning. He wanted to take her picture, but she obected and started to cry. As it is not permitted to "mug" a person save in felony cases, Ryan did not get the desired photograph.

TO HAVE ANOTHER FAIR NEXT YEAR

FAIR ASS'N APPRENIATES THE PATRONAGE OF THE PEOPLE

MANY HEAR FAMOUS BAND

A Big Saturday Crowd Attended—Good Racing Program — Judge Haney Makes Suggestions

"I more than appreciate the patronage of the people. I tried to please them in every way. I think they enjoyed it." Those were the words of Judge Haney today when approached in regard to how the Fair Association liked the way everything went last week.

Judge Haney announced today that plans are under way to hold another fair here next year, bigger and better than ever. The fair grounds will be worked over and put into the best of condition. Needed changes in the arrangement of things on the grounds will be made. Some remodelling will be done.

"I would suggest one way to better the Nodaway Fair," said Judge Haney today. "The control of the Fair and the stock ought to be in the hands of the farmers of the county, with no man holding more than five shares of stock. A paid secretary should be kept and the Nodaway Fair could be made second to the State Fair."

Considering the weather conditions the crowds at the Fair were good every day. Thursday the largest crowd that ever gathered on the local fair grounds was in attendance. This was largely due to the fact that greater pains were taken to advertise the attractions this year than ever before.

A large crowd heard the concert given by the 168th infantry band of the Rainbow Division Saturday night. Everyone was highly pleased by the music given and the spirit in which the boys played. It was surely a fitting close to a great week.

The largest crowd that ever attended a Saturday program at the local Fair was there to take in the races and free attractions. The speed program was a good one.

The results of the first race, a one-half mile running race, were: Lady Hester, Wheatly, first; Satswama Bell, Cummins, second; Crucible, Reese, third; and Stilipool, White, fourth. Time 49 seconds.

The second race, a one-fourth mile running race, ended with Garshway winning first, Lola A., second, and Bluemine, third.

The third race was the finish of a 2:25 pace begun on the previous day. The results: Mabel, Eli Best, 1, 1, 4, 1; Direct Constantine, Wm. Jackson, 2, 4, 3, 3; Peter Payne, Geo. Sewette, 3, 2, 2; Colonel Ike, Al Lawler, 4, 3, 1, 2. Time 2:19¼; 2:19¼; 2:19¼; 2:20.

Next came a special free for all pace. They came under the wire in this order: Charline, Jackson, 1, 3, 3, 3; Rose Riley, Fred Hart, 2, 1, 4, 1; Hattie Roberts, Al Lawler, 4, 4, 2, 2; Redway, C. Webster, 3, 2, 1, 4; Time 2:23, 2:22, 2:22¼, 2:23.

The fifth race was a three-eights mile running race. The results: Bess Bright, first; Gene Hoppas, second; Stillpool, third; Arimenter, fourth; Bluemine, fifth. Time 34 seconds.

TRAFFIC PARALYZED IN NEW YORK TODAY BY STRIKE

No Elevated or Subway Lines Running and the Transit Conditions Are Worst in City's History

New York, Aug. 18—The worst transit strike in the history of New York has the city paralyzed today, defying the injunction issued by the Supreme Court Justice Lydon, fifteen thousand employes of the Inter-Borough Rapid Transity subway and elevated lines went out Sunday but not until today was the full force of the strike felt. Surface cars are running but no effort is being made to run the elevated and subways. There have been no disorders. A heavy rainstorm today added to the difficulties of workers getting to work.

TWO U. S. AVIATORS HELD BY MEXICANS

EFFORTS MADE TO LOCATE THE MEXICAN BANDITS HOLDING THE ARMY OFFICERS

DEMAND $15,000 IN GOLD

Ransom Has Been Raised and Will be Sent Today—Members of Bor-Air Patrol Got Into Mexico by Mistake

Washington, Aug. 18.—The United States has made a peremptory demand on Mexico for the immediate release of the two army aviators captured by bandits in the Big Bend district of Texas and held in Mexico for fifteen thousand dollars ransom. The state department today telegraphed the American embassy in Mexico City, instructing the charge de affairs to lay the case immediately before the Carranza government.

El Paso, Aug. 18—Every effort is being made to locate the Mexican bandits holding Lieuts. Paul Davis and Harold Peterson of the United States army aviation corps for $15,000 ransom which brigands demanded by today for their release. Cattle men at Fort Davis raised the sum in fifteen minutes. General Erwin announced he would take care of the ransom. S. C. Peterson of Hutchinson, Minn., father of young Peterson, sent word the ransom has been forwarded.

El Paso, Texas, Aug. 18.—In an official statement issued at military headquarters here last night and signed by Brig. Gen. James B. Erwin, district commander, it was announced that Maj. L. A. Walton, commander of the aero unit at Fort Bliss, had received a message from Lieutenants Paul H. Davis and Harold G. Peterson, stating that they had been captured by Mexicans and were being held for $15,000 ransom, which must be paid by August 18, according to the message.

Arrangements were being made here tonight to obtain $15,000 gold coin and to send it to Marfa early tomorrow for the payment of the ransom, as it is feared they will be killed by the bandits unless the ransom is paid before tomorrow night.

Replies to messages sent their relatives by Lieutenants Davis and Peterson were received at Marfa, Texas, late tonight. The messages from the

"INDIAN SCHULTE," TRACK COACH, LEAVES MISSOURI U

Goes to University of Nebraska at an Increase of Salary — A Blow to the Missouri School

M. F. Schulte, for six years football and track coach at the University of Missouri, and the man who developed Robert Simpson into a world's champion hurdler, has resigned his position to take a similar one with Nebraska University at an incerase of salary.

This news came as a shock to Missouri students, who recognize "Indian" Schulte's going as a great loss to the school and alumni. During his stay at the university Schulte made Missouri supreme in Valley track circles and turned out contenders in other branches of sport. He goes to Nebraska at a salary of $3,500 a year, with a shorter term of coaching.

INTEREST IN REAL ESTATE.

King City, Mo., Aug. 18.—An unprecedented interest in real estate investments has been evidenced within the last ten days in this locality. Over $625,000 worth of land has been transferred through local agencies in only twenty-three transactions. The price per acre ranges from $140 to $265 for farm land; town property is also changing hands, and the demands for homes indicates that this city is in line for big things. The indications to date are that the interest in this kind of exchange is just starting, as more such deals are being made daily.

16,000 ACRES AT PUBLIC AUCTION.

The Dr. Rea Ranch, in the northwest corner of Stanton County, Kansas, is to be sold in 160, 320 and 640 acre farms to the highest bidder on Sept. 9th, 10th and 11th.

This land is deep, rich, black virgin soil; no sand; level or slightly rolling; plenty of good soft water. Wheat in this section produced twenty to thirty bushels per acre this year. This land has been owned by Dr. Rea for the past twenty years and the increased value of the land for farming purposes is the reason it is being offered for sale.

Take a trip with us to this sale. Address or call on G. B. Holmes Real Estate Co., Maryville, Mo., over Nodaway Valley Bank. 12-18

DIVORCE PETITION FILED.

William D. Jobe filed suit for divorce from Johanna Jobe with the circuit clerk late Saturday. The petition alleges that the plaintiff was married to the defendant in 1893 and they lived together until 1915. Since that time the defendant has refused to make a home for the plaintiff or to live with him and has offered him unbearable indignities.

Mrs. T. L. Wilderman will leave tomorrow morning for Duluth, Minn., where she will spend two months.

IS "MOST PERILOUS PROBLEM"

Gardner Fears Industrial Crisis May Cause an Upheaval

Los Angeles, Cal., Aug. 18.—"The present industrial crisis is the most perilous problem this nation has been called upon to face," said Gov. Frederick D. Gardner of Missouri, addressing one thousand five hundred members of the Missouri State Society of Southern California, at a picnic here Saturday afternoon.

He told the former residents of his state that unless "calm and deliberate judgment prevails this condition can easily develop into an upheaval."

He vigorously denounced trouble makers and blamed politicians and anarchists alike for persent disturbances.

"The antagonistic attitude of capital and labor toward each other has done much to cause unrest. This must be remedied. A great national conference should be called to be participated in by both employers and employes," he said.

TRAVELING MAN GAINS FIFTEEN POUNDS

M. M. Miller Works Every Day Since Tanlac Built Him Up

"I have gained fifteen pounds since I commenced taking Tanlac, and since my health failed five years ago, it is the only medicine that has done me a particle of good," said M. M. Miller, a well known and popular traveling salesman for the Northwestern Manufacturing an dMilling Co., who lives at 302 North State street, Aberdeen, S. Dak.

"I don't believe any man on earth ever had a worse case of stomach trouble than I did" continued Mr. Miller, "and I know I took enough medicine during that five years, to cure a dozen people, but I never got any relief until I got hold of this Tanlac. Everything I ate would sour on my stomach and this would cause gas to form so bad that the pains I would have would almost kill me. I was in so much misery that I couldn't sleep at night, and would have to walk the floor for hours at a time. I lost in weight from two hundred and forty-five pounds to one hundred and seventy and finally got so weak and run down that I was not able to work more than two days out of each week.

"Several of my friends spoke to me about Tanlac, and recommended it so highly that I decided to give it a trial, and I am here to tell you, that you will have to go a mighty long ways to find a medicine to equal Tanlac. Why, I can eat anything I want now, and I never have a sign of indigestion or stomach trouble of any kind. My strength has come back to me, and I am getting my weight back in a hurry. I feel as well in every way as I ever did in my life, and I never lose any time from my work at all. Yes, sir, I certainly can recommend Tanlac, for I know from my own experience with it that it is one medicine that will do all they say it will."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

Help! Claims Catfish Milked His Cows

(By International News Service.)

Butler, Mo.,—Aug. 00.—John Whitman, a well known farmer residing along the banks of the Marias des Cygnes River, near here, has a famous herd of some twenty cows, which heretofore have been wonderful milk producers. Recently he noticed a decrease in the amount of milk they gave.

One hot afternoon Mr. Whitman found the cows wading in the river to keep cool. While in the river catfish were milking the cows, thus reducing the amount of milk he received.

"JOKER" CASE FOR SEPT. 6

Judge John M. Dawson of Maryville Continues Buchanan County Salary Matter to That Date

Judge John M. Dawson of Maryville, who came to St. Joseph Saturday morning to take up the injunction suit of the county judges against the circuit judges of Buchanan county to determine who shall pass upon the number of deputies in county offices, set the final hearing for Sept. 6.

Judge Charles F. Strop, who, with Judge Charles H. Mayer, represents the county deputies—who entered the case by reason of their salaries being affected—said that he had been called in the case Thursday, and he asked for further time. Judge R. E. Culver and Judge K. B. Randolph, representing county officers, agreed that the matter should go over into next month and Judge Dawson said he probably would have time to hear the case on Sept. 6. It was said by attorneys that it was a question of law only, and that the question could be submitted largely on briefs.—St. Joseph News-Press.

GETS WRITE-UP IN PAPER

State Board of Agriculture Has Article About Nodaway County

In this week's issue of the Missouri State Board of Agriculture, under direction of Jewell Mayes, secretary, the following article appears under the heading, "Lemonade a Community Aid."

"Nodaway county, Missouri, is one of the best counties in the United States in live stock, community spirit and good citizenship. It is the home of some of the finest Shorthorn and Angus herds of cattle in America and is the home of Harmony church, one of the best known and very best rural congregations in the United States.

Nodaway county's latest claim to fame is in the Commercial Club of Maryville putting on a new stunt—making up a thousand gallons of lemonade and fitting up a mammoth "water wagon," which was taken throughout the county on a get-acquainted tour. Everybody was "treated" to lemonade as a community aid.

MORE THAN 5,000 GIVEN JOBS

Jefferson City, Aug. 16.—The report of the Missouri Soldiers' and Sailors' employment commission for the month of July filed with Acting Governor Crossley by the adjutant general and state labor commissioner who constitute the commission, shows that during the month more than 5,000 Missourians who applied to the various offices of the commission were placed in satisfactory jobs. In St. Louis, out of 902 applications for new positions, 896 were placed, leaving only six pending. Out of 90 applications for replacement in former positions, 86 were replaced, leaving only four pending. In Kansas City, positions were secured for 841 during the month.

Since the commission was created in April, more than eighteen thousand Missouri soldiers, sailors and marines have been placed in positions. The headquarters of the commission are in the adjacent adjutant general's office, and bureaus are maintained in St. Louis, Kansas City, St. Joseph and elsewhere. A bureau is being maintained on the State Fair grounds in charge of Captain Ray Seitz, traveling representative of the commission.

"Burning the Midnight Oil"

THAT, literally, is the reason why the American has won the proud distinction of being the best educated man in the world.

Because a cheap, dependable illuminating oil made from petroleum was developed first in the United States, the people of this country had the opportunity of studying late into the night long before such luxury was possible elsewhere.

The petroleum industry, in which the Standard Oil Company was a pioneer, has made it possible, even in remote places, for man to read, study and acquire knowledge in comfort, after the day's work is done.

The tremendous development of America shows that the American has "burned the midnight oil" to good purpose.

The seven men who manage the Standard Oil Company (Indiana), the 19,568 men and women who carry on the business, and the 4623 stockholders, all are proud of the fact that their Company has been, and is, such a potent influence in the development of the nation.

Today the Standard Oil Company (Indiana) operates the greatest and most complete refinery in the world, together with several others of lesser output.

Throughout 11 states the Company distributes the refined products so thoroughly that even those in the remote corners are able, at all times, to get their requirements at a low price.

Thus is shown another marked benefit accruing to all from the activities of the Standard Oil Company (Indiana) as a public servant.

TWO U. S. AVIATORS HELD BY MEXICANS

(Continued from page 1.)

aviators were received at the same time the demand for the $15,000 ransom for the release of the aviators was brought to the border today. An effort was being made to get the replies to the aviators in the bandit rendezvous in Mexico.

The messages from the aviators were sent to their relatives at Strathmore and Berkeley, Cal., and Hutchinson, Minn., as soon as received at Marfa. The text of their messages was not given out, but it was understood the aviators requested their relatives to urge the payment of the ransom. The contents of the replies also was withheld, but a courier, who is familiar with the district opposite the Big Bend, was obtained and an effort made to get the replies to the aviators tonight.

While no official announcement was made here tonight, it was understood the ransom would be paid to an agent of the bandits tomorrow morning and it is believed the courier carrying the telegrams to the aviators also was authorized to inform the bandit leader of this fact.

Lieutenant Peterson, the pilot of the biplane which has been missing since last Sunday, is 25 years old, and is from Hutchinson, Minn. Lieut. Davis is 23 years old and is from Strathmore, Cal., but his relatives live in Berkeley, Cal.

ENGLAND WOULD IMITATE HENRY

Government Contemplates Starting a Factory to Make Cheap Cars and Employ Ex-Soldiers

London, Aug. 18.—A proposal to convert a $5,000,000 national war plant into an automobile factory which would employ 5,000 ex-soldiers in turning out cheap cars is being considered by the government. Pending decision, the sale of the war plant at Burton-on-Trent by the ministry of munitions is being delayed.

In addition to providing work for men who otherwise would be loafing about, drawing unemployment pay from the government, it is hoped that automobiles could be produced at a price within reach of the middle classes, thereby easing to some extent the very overburdened transportation system.

Engineering experts as the ministry of munitions would design the car. Private industry, however, is against the measure.

The national factory at Burton-on-Trent was completed about the time the armistice was signed and covers sixty acres. It was designed for quantity production of machine guns.

HAS DEVELOPED A NEW PAINT

John Lund Has Compounded a Liquid Which Gives Unusual Results

John Lund, interior and exterior decorator, living at 113 South Walnut street, believes he has developed a new paint superior to any now on the market. The paint gives an unusually high gloss and a reflecting surface almost as perfect as that of a mirror.

Mr. Lund already has some little reputation as an inventor, having perfected several years ago a swinging stage for painters that does away with the use of ladders to a large extent. He intends to develop his new paint further before putting it on the market.

ROAD CASE UP BEFORE COURT

The Widening of Martha Washington School House Road is Being Considered Today

The county court is in session today hearing the road case of Roy Lippman and others for the widening of a public road from the Martha Washington school house on east to the bottom road. A remonstrance petition was filed in the court, declaring such improvement is not necessary. The hearing was still on at press time this afternoon. W. A. Blagg is representing the petitioners for widening the road while Cook & Cummins are representing those opposed.

DEMANDS EVENTUAL INDEPENDENCE FOR EGYPT

Ex-Governor Folk of Missouri Charges England Has Seized Country as a British Possession

Washington, Aug. 3. — A demand that the United States lead a movement to secure eventual independence for Egypt was made today on the senate foreign relations committee by former Governor Folk of Missouri. Folk, as counsel for the Egyptian commission, had filed with the committee a brief flatly charging that under the guise of a protectorate over Egypt, Great Britain had seized the country as a British possession.

PERSHING COMING TO MISSOURI

General, Now on Way to Italy, Says He Will Visit Old Home

Paris, Aug. 16—(delayed.)—Before leaving for Italy tonight, Gen. John J. Pershing, commander-in-chief of the American armies in France, told correspondents that he expected to sail for America about September 1 and shortly after his arrival would visit his old home in Missouri, and would also go to Cheyenne, Wyo.

General Pershing said he would recommend that a monument be placed at Romange, where occurred the bitterest fighting encountered by the American armies in the Meuse-Argonne battle.

HOW DO DISABLED SOLDIERS GET RE-EDUCATION

Steps in Process Provided for Rehabilitating Soldiers, Sailors and Marines Disabled in Service

Washington, Aug. 18. — Fourteen district offices of the federal Board for Vocational Education and nine branch offices have been opened in different parts of the country. This decentralization of the work is for the purpose of facilitating the process through which the cases of disabled men must pass before the government's offer of re-education becomes a reality.

These out-stations of the board have been located in the north, south, east and west for the convenience of the disabled soldier. The steps are made as simple as possible for the speedy accomplishment of the desired end. A confidential talk with the vocational adviser concerning his present need for training, the man's past industrial history and the prospects as to future success in the chosen occupation is the important factor. His discharge certificate and a statement as to his medical history are the only official papers required to establish his status as to eligibility. Some little delay necessarily occurs as his application is forwarded to the central office in Washington for approval. The case board carefully goes over the information and either approves or disapproves the decision of the district staff. About 200 cases come before the board each day. As speedily as is compatible with thoroughness the investigations are completed and the district office is advised of the decision and, if that decision is favorable training is begun.

Each case is carefully considered as to the physical and mental qualifications of the applicant, and the chance of his making good in his chosen vocation, and is either approved or returned to the district for reconsideration as the facts demand. It is not only a job that the board wants for the disabled soldier—it is a job worth while.

The Dreamer

By OTILLIA F. PFEIFFER

(Copyright, 1919, by the Western Newspaper Union.)

The south branch of the Eastern Central railroad had its terminus at Weston. Five miles south was Belleville and a bus was always in waiting for passengers for that point. The fare was only a dime, yet a young man who left the train and whose destination was Belleville did not take the waiting conveyance, but started down the smooth country road on foot.

He had a reason for wishing to take the leisurely walk. His mind was filled with memories. Down that same road five years previously he had limped, footsore, just recovering from a fit of sickness, without a home, friends or money. His handsome, open face clouded as he looked back to that forlorn day. If brightened again magically as what that lonely tramp had led to recurred to him.

Day of all days, the start in a new career that had led to ambition and fortune—how he cherished the memory. He took from his pocket a card. Upon it was written four names. They were Lolita Burt, Neal Brooke, Jane Adams, Abner Wise. One by one he spoke them, lingering fondly, longingly over each. Lolita Burt. It was at her home that he had paused that day of destiny in the past. Now it was as if only yesterday, so vivid was his remembrance. He was nearly exhausted as she came around the house to regard him with manifest pity in her sweet, bonny face. The story he told brought the tears to her gentle eyes and then she invited him into the house and called her aged father.

"God's own people," spoke Wylie Barnes reverently the next morning, when he left the house after a night of grateful rest and strengthening meals, an old but sound pair of shoes on his blistered feet, and this angel of the house, Lolita, waving him an adieu of friendly encouragement.

Dr. Neal Brooke, superannuated clergyman, he had met nearer the town center. Subsisting on a pitiful charity stipend the good old man, whose only desire in his failing years was for books and a little less of worry over food supplies, had taken a fatherly interest in Wylie. It was through his influence that a neighbor, a widow, Jane Adams, had consented to trust Wylie for board and lodging until he got work. That came the next day with Abner Wise, a cooper, whose whole dream was to find enough capital to patent a slack barrel wire device that he had invented.

Within a month Wylie Barnes was comfortable, full of hope and happy—this latter because the four sterling-hearted helpers he had found became true friends, and because Lolita seemed glad to have him drop in twice a week evenings.

The sweet, simple-hearted girl was a revered divinity to him, and she recognized in him a manliness and earnestness that made her glad to welcome him.

At the end of six months Wylie bade his four loyal friends good-bye. It was to Lolita only, however, that he revealed his plans and prospects.

"An old partner of mine has written me about a new gold discovery in the far northwest," he related, "and I am going going to cast my lot in with him. But I am coming back, soon as I make a respectable pile. Belleville shall see me settle down. And I am going to remember all you dear, true friends. I am going to bring to Doctor Brooke the finest library money can buy. That queen of womanhood, Mrs. Adams, shall have the kitchen range and piano she has longed for so many years. Abner Wise, I am going to provide with all the capital necessary to develop his great invention."

"Oh, you delightful dreamer," cried Lolita playfully, but with confidence in her glowing eyes.

"And you, Lolita," added Wylie tenderly, "I will lay at your feet the treasures of the world, if they are mine to give."

Then he was gone, and now he had returned and one hour later he stood at the door of the old Burt home to find it in new hands. John Burt dead, and Lolita, he was told, was making a livelihood as housekeeper for a neighbor farmer.

He came upon Lolita in her new home among some berry bushes. She dropped the dish in which she was gathering the luscious fruit and fairly tottered.

Wylie led her to a grassy hummock. Mrs. Adams, the old minister, Mr. Wise—yes, they were all alive, and then Wylie exuberated over his marvelous story of wealth. What happiness to again meet these old-time friends. How he would enjoy the bestowal of library, kitchen range and piano, and capital to the cooper inventor. And then he told the quivering Lolita of his heart's desire to make her independent for life. She should have her own home, silks and diamonds, and then—"Why, Lolita!" for she had burst into tears.

"I don't want money, or jewels. I am so happy to see you again, alive and well—a man among men, that I am glad and proud of you," she sobbed.

"Lolita," he spoke earnestly. "It can't be that you don't want love," and, reading his answer in her fond eyes, Wylie Barnes was content.

Variety in Army Names--Paris Green and Dinner Bell Fought in the War

Washington, Aug. 18.—Paris Green helped win the war. So did a Little Kittie Karr and a Dinner Bell. All of them were in the army, according to file cards in the bureau of War Risk Insurance. Green lives in Huntington, W. Va.; Little Kittie Karr in Norfolk, Va., and Dinner Bell Page was rung into the service from Urich, Mo. Some others who appear on the bureau's files are:

Asad Espejo Wilson [illegible] Hock, N. D.; Mih Gosh of Chicago; Green Horn of Statesboro, Ga.; Velvet Couch of Brinkley, Ark.; Will Swindle of Center, Tex.; Slaughter Bugg of Oscar Tarbin, La.; and E. Pluribus Brown of Perry, Ga.

There Was Lloyd George, Too.

Chocolate Candy Clark, Owen Money, Willie Darling, Great Britton Turner, Wiley Fox Hunter, Green Berry Anderson, Youstous Horrible Riner, George Sleeps From House, Handsome Pleasant Ayres, Green Hue Jackson, Lloyd George Parliament, Grief Grimes, Precious Eugene Grant, Free Office Graves, Huckleberry Shell, Isaac Didnot Butcher and Fine German also are listed.

The broad jump record in names goes to a resident of Salmon, Idaho who hurdles five before he reaches the tape. He is Hazry Adolph Thomas. Richard Eugene Bullock and the clerks in the bureau are tempted to disturb Mr. Bullock's continuity by punctuating him.

The clerks have found forty-nine ways of spelling Aloysius and eighteen ways of spelling Ignatz. There were fifty-three thousand Johnsons; fifty-one thousand Smiths and eighteen thousand five hundred Walkers in the service. Forty-seven thousand Williamses were with the colors. There were fifty-one Jose Rodriguezes in the 374th infantry.

Virgin Mary Was Fighter.

Abraham Lincolns, George Washingtons, Robert E. Lees and William Jenningses were in the service by the hundreds. Napoleon Bonaparte, or rather a dozen of him, fought for the United States. General Grant, General Wellington and General Jackson also helped beat the Germans. Quite a few Virgin Marys were in the army too. These latter were largely men of Latin descent. Orange Cobb of Nolina, N. C., and his son, Lemon Cobb, were in the service.

PROPERLY PROUD OF HOTEL

Citizens of Alexandria, La., Have Right to Boast of Their Magnificent Caravansary.

Alexandria, La., is known throughout the South as the little town with the big hotel. Strangers always remark the incongruity of the metropolitan edifice apparently fallen by accident into this quiet little place.

It seems that in Alexandria's ante-hotel days, a wealthy man and his small dog were stopping at the town inn. One day the innkeeper and guest had a lively argument over the dog. Its owner replied that he and his dog would not be among those present at the inn in the future and departed proudly, intimating darkly that the innkeeper would be sorry. He then made good his threat by building a hotel such as Alexandria had never dreamed of seeing, and here dog and master took up their residence and gathered to themselves all the transient trade of the town.

Alexandria wears its hotel proudly, a trifle self-consciously. It is the show place of the town and its assertive stone grandeur commands respect and deference. A town that boasts a hotel inclosing marble halls ending in a grand staircase and a Spanish patio adorned with a fountain as an extra attraction must assume an air of dignity in keeping with its importance.

Alexandria's other claim to notice is the fact that only a few years ago the Louisiana legislature conducted a series of spirited arguments as to the removal of the state capital from Baton Rouge to Alexandria. In the end Alexandria lost out and was forced to console itself with the fame it acquired from its big hotel.

MARYVILLE COMETS WIN FROM CLEARMONT, 9--3

Local Pastimers Break up the Game in Eighth Inning—Return Game Here Next Sunday

Once more Maryville Comets were returned victorious when they took the Clearmont team into camp by a count of 9-3. The game was played on the Clearmont aggregation's own stamping ground, and, according to Manager Black of the local crew, it was as pretty a contest as one could wish to see, the score standing 3-3 until the eighth inning, when the Comets got to the opposing pitcher for a series of singles, doubles, triples, and home runs that broke up the game.

Features of the game were homeruns by each of the Black brothers, and the fielding of Paul Bahler at third base. Batteries for Maryville were Bluell and Black and Black and Tobin; for Clearmont, Connors and Watson.

These two teams will stage a return contest here next Sunday, when the Clearmont trible is confident of avenging the defeat administered to them yesterday.

Mr. and Mrs. Ardery Curfman and children, Phylis and John Bob, Mrs. Amon Curfman and Mrs. James C. Trout of Tarkio motored to Maryville yesterday to visit relatives.

PRICES FOR ARMY FOODSTUFFS HERE

ORDERS TAKEN AT POSTOFFICE WITH FULL PAYMENT

A SPECIAL POSTAL RATE

Postal Rates Are to be Equalized by a Rearrangement of the Parcel Post Zones

The prices of the army foodstuffs which can be ordered at the postoffice this week are the unit cost to the consumer, to which must be added postage at the parcel post rate on the total gross weight of the order from the supply depot at St. Louis.

Announcement was made by the Postoffice Department that the postage rate on surplus army food, sale of which through the parcel post system began Monday would be the same to persons living beyond the first zone from the supply centers as those living in the first zone. This will equalize the postage to all purchasers and the difference will be made up by the War Department deducting the extra postage from the sale and price and turning it over to the Postoffice Department.

Surplus army food sold to municipalities now totals 80 million pounds, but huge stocks still are on hand and these will be sold through postmasters.

All orders must be accompanied by cash, which must include the total cost of the order and parcel post charges. No special order form for the use of consumers will be provided. Consumers must make two copies of the order in writing, itemized so that the postmaster may readily determine the exact charge.

The prices in the following list are per case:

BARN DESTROYED BY FIRE AT BURLINGTON JUNCTION

Building Belonging to Elihu Carter Was Burned About Midnight Last Night—Cause Unknown.

The barn of Elihu Carter, five miles southeast of Burlington Junction, was completely destroyed last night by fire starting from an unknown cause. When the blaze was discovered about midnight the entire roof was in flames, and it was impossible to save anything from the barn. One mule, the only live stock in the barn, was burned to death.

The damage, which was only partially covered by insurance, had not been estimated to day. The barn was an unusually large one and comparatively new and was filled with hay and grain.

Cummins has been appointed United States Official examiner and Surgeon for the district of Northwest Missouri and the St. Francis Hospital has been designated as an institution to take care of all medical and surgical cases needing treatment with the exception of tubercular and mental cases.

The work of caring for disabled and diseased soldiers is done by the United States Department of Public Health, which is a subdivision of the Treasury Department. The specific instructions as to the kind of cases that are to be accepted for treatment at the local station are as follows: "Treatment is to be given for discharged and disabled soldiers, sailors and marines, providing disability for which treatment is sought can be traced to diseases or inuries incurred while in service."

All medical, surgical and hospital treatment is free to those entitled to receive it. The local hospital is equipped to take care of cases requiring X-ray examination so that all cases not of a tubercular and mental nature can be adequately handled.

Dr. Cummins has alread treated two or three cases from out of town, but none of them have needed hospital attention. He makes an examination, classifies the disease or injury and forwards recommendations to higher authorities to pass upon.

RUBY BLACKFORD TAKEN IN A RAID AT ST. JOE

Girl Who Was Held In Maryville For Investigation of Patterson Murder Fined For Immoral Conduct

The following is taken from Saturday's St. Joseph News-Press about Ruby Blackford:

Ruby Blackford, twenty years old, the girl who was held at Maryville for investigation in connection with the murder of Howard Patterson on Wednesday night, was fined $5 in police court this morning when Judge Allee found her giulty of immoral conduct. With six other men and women she was arrested last night at a hotel at Third and Francis streets, when the place was raided by Police Detectives White, Thedinga and Burnett. Al of those arrested were either fined this morning or defaulted their bonds.

The Blackford woman, when booked at central station, said she had no home, just St. Joseph. She was released Thursday aiternoon by the Nodaway county authorities after a severe grilling in the murder case. The man arrested with her also was released, but is still in Maryville, according to the woman, who said his name is Earl Overton of St. Joseph, and not Earl Rogers, as was published.

Fat Ryan, superintendent of identification, finger printed the Blackford woman this morning. He wanted to take her picture, but she obected and started to cry. As it is not permitted to "mug" a person save in felony cases, Ryan did not get the desired photograph.

TO HAVE ANOTHER FAIR NEXT YEAR

FAIR ASS'N APPRENIATES THE PATRONAGE OF THE PEOPLE

MANY HEAR FAMOUS BAND

A Big Saturday Crowd Attended—Good Racing Program — Judge Hancey Makes Suggestions

"I more than appreciate the patronage of the people. I tried to please them in every way. I think they enjoyed it." Those were the words of Judge Hancey today when approached in regard to how the Fair Association liked the way everything went last week.

Judge Hancey announced today that plans are under way to hold another fair here next year, bigger and better than ever. The fair grounds will be worked over and put into the best of condition. Needed changes in the arrangement of things on the grounds will be made. Some remodelling will be done.

"I would suggest one way to better the Nodaway Fair," said Judge Hancey today. "The control of the Fair and the stock ought to be in the hands of the farmers of the county, with no man holding more than five shares of stock. A paid secretary should be kept and the Nodaway Fair could be made second to the State Fair."

Considering the weather conditions the crowds at the Fair were good every day. Thursday the largest crowd that ever gathered on the local fair grounds was in attendance. This was largely due to the fact that greater pains were taken to advertise the attractions this year than ever before.

A large crowd heard the concert given by the 168th infantry band of the Rainbow Division Saturday night. Everyone was highly pleased by the music given and the spirit in which the boys played. It was surely a fitting close to a great week.

The largest crowd that ever attended a Saturday program at the local Fair was there to take in the races and free attractions. The speed program was a good one.

The results of the first race, a one-half mile running race, were: Lady Hester, Wheatly, first; Satswama Bell, Cummins, second; Crucible, Reese, third; and Stillpool, White, fourth. Time 49 seconds.

The second race, a one-fourth mile running race, ended with Garshway winning first, Lola A., second, and Bluemine, third.

The third race was the finish of a 2:25 pace begun on the previous day. The results: Mabel, Eli Best, 1, 1, 4, 1; Direct Constantine, Wm. Jackson, 2, 4, 2, 3; Peter Payne, Geo. Sewette, 3, 2, 2; Colonel Ike, Al Lawler, 4, 3, 1, 2. Time 2:19¼; 2:19¼; 2:19¼; 2:20.

Next came a special free for all pace. They came under the wire in this order: Charline, Jackson, 1, 3, 3, 3; Rose Riley, Fred Hart, 2, 1, 4, 1; Hattie Roberts, Al Lawler, 4, 4, 2, 2; Redway, C. Webster, 3, 2, 1, 4. Time 2:23, 2:22, 2:22¼, 2:23.

The fifth race was a three-eights mile running race. The results: Bess Bright, first; Gene Hoppas, second; Stillpool, third; Arimenter, fourth; Bluemine, fifth. Time 34 seconds.

TRAFFIC PARALYZED IN NEW YORK TODAY BY STRIKE

No Elevated or Subway Lines Running and the Transit Conditions Are Worst in City's History

New York, Aug. 18—The worst transit strike in the history of New York has the city paralyzed today, defying the injunction issued by the Supreme Court Justice Lydon, fifteen thousand employes of the Inter-Borough Rapid Transity subway and elevated lines went out Sunday but not until today was the full force of the strike felt. Surface cars are running but no effort is being made to run the elevated and subways. There have been no disorders. A heavy rainstorm today added to the difficulties of workers getting to work.

TWO U. S. AVIATORS HELD BY MEXICANS

EFFORTS MADE TO LOCATE THE MEXICAN BANDITS HOLDING THE ARMY OFFICERS

DEMAND $15,000 IN GOLD

Ransom Has Been Raised and Will be Sent Today—Members of Bor-Air Patrol Got Into Mexico by Mistake

Washington, Aug. 18.—The United States has made a peremptory demand on Mexico for the immediate release of the two army aviators captured by bandits in the Big Bend district of Texas and held in Mexico for fifteen thousand dollars ransom. The state department today telegraphed the American embassy in Mexico City, instructing the charge de affairs to lay the case immediately before the Carranza government.

El Paso, Aug. 18—Every effort is being made to locate the Mexican bandits holding Lieuts. Paul Davis and Harold Peterson of the United States army aviation corps for $15,000 ransom which brigands demanded by today for their release. Cattle men at Fort Davis raised the sum in fifteen minutes. General Erwin announced he would take care of the ransom. S. C. Peterson of Hutchinson, Minn., father of young Peterson, sent word the ransom has been forwarded.

El Paso, Texas, Aug. 18.—In an official statement issued at military headquarters here last night and signed by Brig. Gen. James B. Erwin, district commander, it was announced that Maj. L. A. Walton, commander of the aero unit at Fort Bliss, had received a message from Lieutenants Paul H. Davis and Harold G. Peterson, stating that they had been captured by Mexicans and were being held for $15,000 ransom, which must be paid by August 18, according to the message.

Arrangements were being made here tonight to obtain $15,000 gold coin and to send it to Marfa early tomorrow for the payment of the ransom, as it is feared they will be killed by the bandits unless the ransom is paid before tomorrow night.

Replies to messages sent their relatives by Lieutenants Davis and Peterson were received at Marfa, Texas, late tonight. The messages from the

"INDIAN SCHULTE," TRACK COACH, LEAVES MISSOURI U

Goes to University of Nebraska at an Increase of Salary — A Blow to the Missouri School

M. F. Schulte, for six years football and track coach at the University of Missouri, and the man who developed Robert Simpson into a world's champion hurdler, has resigned his position to take a similar one with Nebraska University at an increase of salary.

This news came as a shock to Missouri students, who recognize "Indian" Schulte's going as a great loss to the school and alumni. During his stay at the university Schulte made Missouri supreme in Valley track circles and turned out contenders in other branches of sport. He goes to Nebraska at a salary of $3,500 a year, with a shorter term of coaching.

INTEREST IN REAL ESTATE.

King City, Mo., Aug. 18.—An unprecedented interest in real estate investments has been evidenced within the last ten days in this locality. Over $625,000 worth of land has been transferred through local agencies in only twenty-three transactions. The price per acre ranges from $140 to $265 for farm land, town property is also changing hands, and the demands for homes indicates that this city is in line for big things. The indications to date are that the interest in this kind of exchange is just starting, as more such deals are being made daily.

16,000 ACRES AT PUBLIC AUCTION.

The Dr. Rea Ranch, in the northwest corner of Stanton County, Kansas, is to be sold in 160, 320 and 640 acre farms to the highest bidder on Sept. 9th, 10th and 11th.

This land is deep, rich, black virgin soil; no sand; level or slightly rolling; plenty of good soft water. Wheat in this section produced twenty to thirty bushels per acre this year. This land has been owned by Dr. Rea for the past twenty years and the increased value of the land for farming purposes is the reason it is being offered for sale.

Take a trip with us to this sale. Address or call on G. B. Holmes Real Estate Co., Maryville, Mo., over Nodaway Valley Bank. 12-18

DIVORCE PETITION FILED.

William D. Jobe filed suit for divorce from Johanna Jobe with the circuit clerk late Saturday. The petition alleges that the plaintiff was married to the defendant in 1893 and they lived together until 1915. Since that time the defendant has refused to make a home for the plaintiff or to live with him and has offered him unbearable indignities.

Mrs. T. L. Wilderman will leave today for Duluth, Minn., where she will spend two months.

IS "MOST PERILOUS PROBLEM"

Gardner Fears Industrial Crisis May Cause an Upheaval

Los Angeles, Cal., Aug. 18.—"The present industrial crisis is the most perilous problem this nation has been called upon to face," said Gov. Frederick D. Gardner of Missouri, addressing one thousand five hundred members of the Missouri State Society of Southern California, at a picnic here Saturday afternoon.

He told the former residents of his state that unless "calm and deliberate judgment prevails this condition can easily develop into an upheaval."

He vigorously denounced trouble makers and blamed politicians and anarchists alike for persent disturbances.

"The antagonistic attitude of capital and labor toward each other has done much to cause unrest. This must be remedied. A great national conference should be called to be participated in by both employers and employes," he said.

TRAVELING MAN GAINS FIFTEEN POUNDS

M. M. Miller Works Every Day Since Tanlac Built Him Up

"I have gained fifteen pounds since I commenced taking Tanlac, and since my health failed five years ago, it is the only medicine that has done me a particle of good," said M. M. Miller, a well known and popular traveling salesman for the Northwestern Manufacturing an dMilling Co., who lives at 302 North State street, Aberdeen, S. Dak.

"I don't believe any man on earth ever had a worse case of stomach trouble than I did" continued Mr. Miller, "and I know I took enough medicine during that five years, to cure a dozen people, but I never got any relief until I got hold of this Tanlac. Everything I ate would sour on my stomach and this would cause gas to form so bad that the pains I would have would almost kill me. I was in so much misery that I couldn't sleep at night, and would have to walk the floor for hours at a time. I lost in weight from two hundred and forty-five pounds to one hundred and seventy and finally got so weak and run down that I was not able to work more than two days out of each week.

"Several of my friends spoke to me about Tanlac, and recommended it so highly that I decided to give it a trial, and I am here to tell you, that you will have to go a mighty long ways to find a medicine to equal Tanlac. Why, I can eat anything I want now, and I never have a sign of indigestion or stomach trouble of any kind. My strength has come back to me, and I am getting my weight back in a hurry. I feel as well in every way as I ever did in my life, and I never lose any time from my work at all. Yes, sir, I certainly can recommend Tanlac, for I know from my own experience with it that it is one medicine that will do all they say it will."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

Help! Claims Catfish Milked His Cows

(By International News Service.)

Butler, Mo.,—Aug. 00.—John Whitman, a well known farmer residing along the banks of the Marias des Cygnes River, near here, has a famous herd of some twenty cows, which heretofore have been wonderful milk producers. Recently he noticed a decrease in the amount of milk they gave.

One hot afternoon Mr. Whitman found the cows wading in the river to keep cool. While in the river catfish were milking the cows, thus reducing the amount of milk he received.

"JOKER" CASE FOR SEPT. 6

Judge John M. Dawson of Maryville Continues Buchanan County Salary Matter to That Date

Judge John M. Dawson of Maryville, who came to St. Joseph Saturday morning to take up the injunction suit of the county judges against the circuit judges of Buchanan county to determine who shall pass upon the number of deputies in county offices, set the final hearing for Sept. 6.

Judge Charles F. Strop, who, with Judge Charles H. Mayer, represents the county deputies—who entered the case by reason of their salaries being affected—said that he had been called in the case Thursday, and he asked for further time. Judge R. E. Culver and Judge K. B. Randolph, representing county officers, agreed that the matter should go over into next month and Judge Dawson said he probably would have time to hear the case on Sept. 6. It was said by attorneys that it was a question of law only, and that the question could be submitted largely on briefs.—St. Joseph News-Press.

GETS WRITE-UP IN PAPER

State Board of Agriculture Has Article About Nodaway County

In this week's issue of the Missouri State Board of Agriculture, under direction of Jewell Mayes, secretary, the following article appears under the heading, "Lemonade a Community Aid."

"Nodaway county, Missouri, is one of the best counties in the United States in live stock, community spirit and good citizenship. It is the home of some of the finest Shorthorn and Angus herds of cattle in America and is the home of Harmony church, one of the best known and very best rural congregations in the United States.

Nodaway county's latest claim to fame is in the Commercial Club of Maryville putting on a new stunt—making up a thousand gallons of lemonade and fitting up a mammoth "water wagon," which was taken throughout the county on a get-acquainted tour. Everybody was "treated" to lemonade as a community aid.

MORE THAN 5,000 GIVEN JOBS

Jefferson City, Aug. 16.—The report of the Missouri Soldiers' and Sailors' employment commission for the month of July filed with Acting Governor Crossley by the adjutant general and state labor commissioner who constitute the commission, shows that during the month more than 5,000 Missourians who applied to the various offices of the commission were placed in satisfactory jobs. In St. Louis, out of 902 applications for new positions, 896 were placed, leaving only six pending. Out of 90 applications for replacement in former positions, 86 were replaced, leaving only four pending. In Kansas City, positions were secured for 841 during the month.

Since the commission was created in April, more than eighteen thousand Missouri soldiers, sailors and marines have been placed in positions. The headquarters of the commission are in the adjacent adjutant general's office, and bureaus are maintained in St. Louis, Kansas City, St. Joseph and elsewhere. A bureau is being maintained on the State Fair grounds in charge of Captain Ray Seitz, traveling representative of the commission.

"Burning the Midnight Oil"

THAT, literally, is the reason why the American has won the proud distinction of being the best educated man in the world.

Because a cheap, dependable illuminating oil made from petroleum was developed first in the United States, the people of this country had the opportunity of studying late into the night long before such luxury was possible elsewhere.

The petroleum industry, in which the Standard Oil Company was a pioneer, has made it possible, even in remote places, for man to read, study and acquire knowledge in comfort, after the day's work is done.

The tremendous development of America shows that the American has "burned the midnight oil" to good purpose.

The seven men who manage the Standard Oil Company (Indiana), the 19,568 men and women who carry on the business, and the 4623 stockholders, all are proud of the fact that their Company has been, and is, such a potent influence in the development of the nation.

Today the Standard Oil Company (Indiana) operates the greatest and most complete refinery in the world, together with several others of lesser output.

Throughout 11 states the Company distributes the refined products so thoroughly that even those in the remote corners are able, at all times, to get their requirements at a low price.

Thus is shown another marked benefit accruing to all from the activities of the Standard Oil Company (Indiana) as a public servant.

TWO U. S. AVIATORS HELD BY MEXICANS

(Continued from page 1.)

aviators were received the same time the demand for the $15,000 ransom for the release of the aviators was brought to the border today. An effort was being made to get the replies to the aviators in the bandit rendezvous in Mexico.

The messages from the aviators were sent to their relatives at Strathmore and Berkeley, Cal., and Hutchinson, Minn., as soon as received at Marfa. The text of their messages was not given out, but it was understood the aviators requested their relatives to urge the payment of the ransom. The contents of the replies also was withheld, but a courier, who is familiar with the district opposite the Big Bend, was obtained and an effort made to get the replies to the aviators tonight.

While no official announcement was made here tonight, it was understood the ransom would be paid to an agent of the bandits tomorrow morning and it is believed the courier carrying the telegrams to the aviators also was authorized to inform the bandit leader of this fact.

Lieutenant Peterson, the pilot of the biplane which has been missing since last Sunday, is 25 years old, and is from Hutchinson, Minn. Lieut. Davis is 23 years old and is from Strathmore, Cal., but his relatives live in Berkeley, Cal.

ENGLAND WOULD IMITATE HENRY

Government Contemplates Starting a Factory to Make Cheap Cars and Employ Ex-Soldiers

London, Aug. 18.—A proposal to convert a $5,000,000 national war plant into an automobile factory which would employ 5,000 ex-soldiers in turning out cheap cars is being considered by the government. Pending decision, the sale of the war plant at Burton-on-Trent by the ministry of munitions is being delayed.

In addition to providing work for men who otherwise would be loafing about, drawing unemployment pay from the government, it is hoped that automobiles could be produced at a price within reach of the middle classes, thereby easing to some extent the very overburdened transportation system.

Engineering experts as the ministry of munitions would design the car. Private industry, however, is against the measure.

The national factory at Burton-on-Trent was completed about the time the armistice was signed and covers sixty acres. It was designed for quantity production of machine guns.

HAS DEVELOPED A NEW PAINT

John Lund Has Compounded a Liquid Which Gives Unusual Results

John Lund, interior and exterior decorator, living at 112 South Walnut street, believes he has developed a new paint superior to any now on the market. The paint gives an unusually high gloss and a reflecting surface almost as perfect as that of a mirror.

Mr. Lund already has some little reputation as an inventor, having perfected several years ago a swinging stage for painters that does away with the use of ladders to a large extent. He intends to develop his new paint further before putting it on the market.

ROAD CASE UP BEFORE COURT

The Widening of Martha Washington School House Road Is Being Considered Today

The county court is in session today hearing the road case of Roy Lippman and others for the widening of a public road from the Martha Washington school house on east to the bottom road. A remonstrance petition was filed in the court, declaring such improvement is not necessary. The hearing was still on at this time this afternoon. W. A. Blagg is representing the petitioners for widening the road while Cook & Cummins are representing those opposed.

DEMANDS EVENTUAL INDEPENDENCE FOR EGYPT

Ex-Governor Folk of Missouri Charges England Has Seized Country as a British Possession

Washington, Aug. 3. — A demand that the United States lead a movement to secure eventual independence for Egypt was made today on the senate foreign relations committee by former Governor Folk of Missouri. Folk, as counsel for the Egyptian commission, had filed with the committee a brief flatly charging that under the guise of a protectorate over Egypt, Great Britain had seized the country as a British possession.

PERSHING COMING TO MISSOURI

General, Now on Way to Italy, Says He Will Visit Old Home

Paris, Aug. 16—(delayed.)—Before leaving for Italy tonight, Gen. John J. Pershing, commander-in-chief of the American armies in France, told correspondents that he expected to sail for America about September 1 and shortly after his arrival would visit his old home in Missouri, and would also go to Cheyenne, Wyo.

General Pershing said he would recommend that a monument be placed at Romange, where occurred the bitterest fighting encountered by the American armies in the Meuse-Argonne battle.

HOW DO DISABLED SOLDIERS GET RE-EDUCATION

Steps in Process Provided for Rehabilitating Soldiers, Sailors and Marines Disabled in Service

Washington, Aug. 18. — Fourteen district offices of the federal Board for Vocational Education and nine branch offices have been opened in different parts of the country. This decentralization of the work is for the purpose of facilitating the process through which the cases of disabled men must pass before the government's offer of re-education becomes a reality.

These out-stations of the board have been located in the north, south, east and west for the convenience of the disabled soldier. The steps are made as simple as possible for the speedy accomplishment of the desired end. A confidential talk with the vocational adviser concerning his present need for training, the man's past industrial history and the prospects as to future success in the chosen occupation is the important factor. His discharge certificate and a statement as to his medical history are the only official papers required to establish his status as to eligibility. Some little delay necessarily occurs as his application is forwarded to the central office in Washington for approval. The case board carefully goes over the information and either approves or disapproves the decision of the district staff. About 200 cases come before the board each day. As speedily as is compatible with thoroughness the investigations are completed and the district office is advised of the decision and, if that decision is favorable training is begun.

Each case is carefully considered as to the physical and mental qualifications of the applicant, and the chance of his making good in his chosen vocation, and is either approved or returned to the district for reconsideration as the facts demand. It is not only a job that the board wants for the disabled soldier—it is a job worth while.

The Dreamer

By OTILLIA F. PFEIFFER

(Copyright, 1919, by the Western Newspaper Union.)

The south branch of the Eastern Central railroad had its terminus at Weston. Five miles south was Belleville and a bus was always in waiting for passengers for that point. The fare was only a dime, yet a young man who left the train and whose destination was Belleville did not take the waiting conveyance, but started down the smooth country road on foot.

He had a reason for wishing to take the leisurely walk. His mind was filled with memories. Down that same road five years previously he had limped, footsore, just recovering from a fit of sickness, without a home, friends or money. His handsome, open face clouded as he looked back to that forlorn day. It brightened again magically as what that lonely tramp had led to recurred to him.

Day of all days, the start in a new career that had led to ambition and fortune—now he cherished the memory. He took from his pocket a card. Upon it was written four names. They were Lolita Burt, Neal Brooke, Jane Adams, Abner Wise. One by one he spoke them, lingering fondly, longingly over each. Lolita Burt. It was at her home that he had paused that day of destiny in the past. Now it was as if only yesterday, so vivid was his remembrance. He was nearly exhausted as she came around the house to regard him with manifest pity in her sweet, bonny face. The story he told brought the tears to her gentle eyes and then she invited him into the house and called her aged father.

"God's own people," spoke Wylie Barnes reverently the next morning, when he left the house after a night of grateful rest and strengthening meals, an old but sound pair of shoes on his blistered feet, and this angel of the house, Lolita, waving him an adieu of friendly encouragement.

Dr. Neal Brooke, superannuated clergyman, he had met nearer the town center. Subsisting on a pitiful charity stipend the good old man, whose only desire in his failing years was for books and a little less of worry over food supplies, had taken a fatherly interest in Wylie. It was through his influence that a neighbor, a widow, Jane Adams, had consented to trust Wylie for board and lodging until he got work. That came the next day with Abner Wise, a cooper, whose whole dream was to find enough capital to patent a black barrel wire device that he had invented.

Within a month Wylie Barnes was comfortable, full of hope and happy—this latter because the four sterling-hearted helpers he had found became true friends, and because Lolita seemed glad to have him drop in twice a week evenings.

The sweet, simple-hearted girl was a revered divinity to him, and she recognized in him a manliness and earnestness that made her glad to welcome him.

At the end of six months Wylie bade his four loyal friends good-bye. It was to Lolita only, however, that he revealed his plans and prospects.

"An old partner of mine has written me about a new gold discovery in the far northwest," he related, "and I am going going to cast my lot in with him. But I am coming back, soon as I make a respectable pile. Belleville shall see me settle down. And I am going to remember all you dear, true friends. I am going to bring to Doctor Brooke the finest library money can buy. That queen of womanhood, Mrs. Adams, shall have the kitchen range and piano she has longed for so many years. Abner Wise, I am going to provide with all the capital necessary to develop his great invention."

"Oh, you delightful dreamer," cried Lolita playfully, but with confidence in her glowing eyes.

"And you, Lolita," added Wylie tenderly, "I will lay at your feet the treasures of the world, if they are mine to give."

Then he was gone, and now he had returned and one hour later he stood at the door of the old Burt home to find it in new hands. John Burt dead, and Lolita, he was told, was making a livelihood as housekeeper for a neighbor farmer.

He came upon Lolita in her new home among some berry bushes. She dropped the dish in which she was gathering the luscious fruit and fairly tottered.

Wylie led her to a grassy hummock. Mrs. Adams, the old minister, Mr. Wise—yes, they were all alive, and then Wylie exuberated over his marvelous story of wealth. What happiness to again meet these old-time friends. How he would enjoy the bestowal of library, kitchen range and piano, and capital to the cooper inventor. And then he told the quivering Lolita of his heart's desire to make her independent for life. She should have her own home, silks and diamonds, and then—"Why, Lolita!" for she had burst into tears.

"I don't want money, or jewels. I am so happy to see you again, alive and well—a man among men, that I am glad and proud of you," she sobbed.

"Lolita," he spoke earnestly. "It can't be that you don't want love," and, reading his answer in her fond eyes, Wylie Barnes was content.

Variety in Army Names--Paris Green and Dinner Bell Fought in the War

Washington, Aug. 18.—Paris Green helped win the war. So did a Little Kittie Karr and a Dinner Bell. All of them were in the army, according to file cards in the bureau of War Risk Insurance. Green lives in Huntington, W. Va.; Little Kittie Karr in Norfolk, Va., and Dinner Bell Page was rung into the service from Urich, Mo. Some others who appear on the bureau's files are:

Asad Expedient Wilson of Hoek, N. D.; Mih Gosh of Chicago; Green Horn of Statesboro, Ga.; Velvet Couch of Brinkley, Ark.; Will Swindle of Center, Tex.; Slaughter Bugg of Oscar Tarbin, La.; and E. Pluribus Brown of Perry, Ga.

There Was Lloyd George, Too.

Chocolate Candy Clark, Owen Money, Willie Darling, Great Britton Turner, Wiley Fox Hunter, Green Berry Anderson, Youstous Horrible Riner, George Sleeps From House, Handsome Pleasant Ayres, Green Hue Jackson, Lloyd George Parliament, Grief Grimes, Precious Eugene Grant, Free Office Graves, Huckleberry Shell, Isaac Didnot Butcher and Fine German also are listed.

The broad jump record in names goes to a resident of Salmon, Idaho who hurdles five before he reaches the tape. He is Harry Adolph Thomas. Richard Eugene Bullock and the clerks in the bureau are tempted to disturb Mr. Bullock's continuity by punctuating him.

The clerks have found forty-nine ways of spelling Aloysius and eighteen ways of spelling Ignatz. There were fifty-three thousand Johnsons; fifty one thousand Smiths and eighteen thousand five hundred Walkers in the service. Forty-seven thousand Williamses were with the colors. There were fifty-one Jose Rodriguezes in the 374th infantry.

Virgin Mary Was Fighter.

Abraham Lincolns, George Washingtons, Robert E. Lees and William Jenningses were in the service by the hundreds. Napoleon Bonaparte, or rather a dozen of him, fought for the United States. General Grant, General Wellington and General Jackson also helped beat the Germans. Quite a few Virgin Marys were in the army too. These latter were largely men of Latin descent. Orange Cobb of Nolina, N. C., and his son, Lemon Cobb, were in the service.

PROPERLY PROUD OF HOTEL

Citizens of Alexandria, La., Have Right to Boast of Their Magnificent Caravansary.

Alexandria, La., is known throughout the South as the little town with the big hotel. Strangers always remark the incongruity of the metropolitan office apparently fallen by accident into this quiet little place.

It seems that in Alexandria's antebellum days a wealthy man and his small dog were stopping at the town inn. One day the innkeeper and guest had a lively argument over the dog. Its owner replied that he and his dog would not be among those present at the inn in the future and departed proudly, intimating darkly that the innkeeper would be sorry. He then made good his threat by building a hotel such as Alexandria had never dreamed of seeing, and here dog and master took up their residence and gathered to themselves all the transient trade of the town.

Alexandria wears its hotel proudly, a trifle self-consciously. It is the show place of the town and its assertive stone grandeur commands respect and deference. A town that boasts a hotel inclosing marble halls ending in a grand staircase and a Spanish patio adorned with a fountain as an extra attraction must assume an air of dignity in keeping with its importance.

Alexandria's other claim to notice is the fact that only a few years ago the Louisiana legislature conducted a series of spirited arguments as to the removal of the state capital from Baton Rouge to Alexandria. In the end Alexandria lost out and was forced to console itself with the fame it acquired from its big hotel.

On Vacation Trip.

Omar Wallace, operator and ticket seller at the Burlington depot, left this morning on a two week's vacation trip. He will be joined in Kansas City by Mrs. Wallace and son, John Curtis, who have been visiting Mrs. Wallace's sister in St. Louis for aweek. They will visit Mr. Wallace's sister, Mrs. Lee Haigwood in Shawnee, Okla., and will spend a short time with friends in Colorado and Wyoming. Mr. Wallace's place is being filled by L. L. Lauber of Savannah.

MARYVILLE COMETS WIN FROM CLEARMONT, 9-3

Local Pastimers Break up the Game in Eighth Inning—Return Game Here Next Sunday

Once more Maryville Comets were returned victorious when they took the Clearmont team into camp by a count of 9-3. The game was played on the Clearmont aggregation's own stamping ground, and, according to Manager Black of the local crew, it was as pretty a contest as one could wish to see, the score standing 3-3 until the eighth inning, when the Comets got to the opposing pitcher for a series of singles, doubles, triples, and home runs that broke up the game.

Features of the game were homeruns by each of the Black brothers, and the fielding of Paul Bahler at third base. Batteries for Maryville were Buell and Black and Black and Tobin for Clearmont, Connors and Watson.

These two teams will stage a return contest here next Sunday, when the Clearmont trible is confident of avenging the defeat administered to them yesterday.

Mr. and Mrs. Ardery Curfman and children, Phylis and John Bob, Mrs. Amon Curfman and Mrs. James C. Trout of Tarkio motored to Maryville yesterday to visit relatives.

MRS. LEWIS OF BROOKLYN

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N. Y.—"For one year I was miserable from a displacement, which caused a general run-down condition with headaches and pains in my side. My sister advised me to try Lydia E. Pinkham's Vegetable Compound. I found it helped me very much and such a splendid tonic that I am recommending it to my friends. Such conditions as Mrs. Lewis suffered from may be caused by a fall or a general weakened run-down condition of the system, and the most successful remedy to restore strength to muscles and tissue and bring about a normal healthy condition—has proved to be this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound.

If you have disturbing symptoms you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.
